DETAILED ACTION

Allowable Subject Matter

1. Claims 1-11 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not teach or fairly suggest changing the length of the guard interval of the first valid symbol in accordance with channel quality while maintaining the length of the guard interval of the second valid symbol, as specified in independent claim 8.

The prior art does not teach or fairly suggest providing the guard interval at a greater length when the valid symbol of retransmission information requires higher quality, as specified in independent claim 9.

The prior art does not teach or fairly suggest providing a guard interval of a valid symbol including retransmission information for control data at a length greater than a guard interval of a valid symbol including user data, as specified in independent claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
